EDUCATION

2023-Recently
BANGKOK UNIVERSITY

- GPA: 2.95

2017-2023
BANGMOD WITTAYA

- GPA: 3.63

TECH STACK

- Python
- JavaScript
- react
- HTML/CSS
- SQlite
- REST API
- node.js

SKILLS

- Teamwork
- Adaptability
- communication
- Problem Solving
- Fast Learner

PROFILE

I am a Computer Science student specializing in Data Science and Cybersecurity at Bangkok University. I am seeking an internship opportunity to gain real-world experience and further develop my skills in Software Development, Data Science, Artificial Intelligence , and Cybersecurity. I have experience working on academic and collaborative projects involving web development, data analysis, AI model testing, and cybersecurity practices. I am passionate about learning new technologies, solving problems, and creating practical solutions through technology.

WORK EXPERIENCE

FindCam 2026
Bangkok University X Truex Digital Group

- Designed web application prototype using Figma, analyzed system requirements, tested YOLO models, and improved system performance.

Penetration Test 2026
Bangkok University

- Performed security testing, vulnerability analysis, prepared assessment reports, and suggested improvement solutions.

Superstore Sales Analysis 2026
Bangkok University

- Collected and prepared datasets by performing Data Cleaning and Exploratory Data Analysis . Analyzed sales performance to identify trends and insights, and developed a Machine Learning model for sales forecasting using historical data.

TOOLS

- Visual Studio Code
- Figma
- Kali linux
